

Catholic Climate Action Petition/Letter Social Media Toolkit

1. Email and/or newsletter text

Subject line: Sign the Catholic Climate Action Petition Today!

Dear friends,

Ahead of the early November climate talks in Glasgow and inspired by the Vatican's Laudato Si' Action Platform, Catholic Climate Covenant has developed *two* critical advocacy initiatives to call on our nation's leaders to reduce greenhouse gases and prioritize those most vulnerable to climate change.

- First, as an individual you can sign the [Catholic Climate Action Petition](#). This is a faith-filled appeal to President Biden and the U.S. Congress to work beyond partisanship and create climate solutions that care for our common home and those who inhabit it. Sign it today!
- Next, you can encourage your bishop, priest, or other church leaders to sign the [Climate Action Letter for Catholic Institutions](#). Like the petition, this letter is a faith-filled call for ambitious national solutions.

Both the individual petition and leaders' letter will be delivered to the Administration and members of Congress in October.

Join your voice with thousands of individuals signing the petition and be sure to share your efforts with others. During this critical time, we must be willing to work together as a Church and as a nation toward climate solutions that protect the life and dignity of every human person, now and of the generations to come.

2. Sample social media posts

Facebook

Do your part and sign the Catholic Climate Action Petition today! Help us call on President Biden and our U.S. Congress to support science-based climate policies that drastically reduce greenhouse gas emissions and prioritize the people most vulnerable to climate change. @catholicclimatecovenant Sign it here: <https://godsplanet.us/catholic-climate-petition-individuals>.

Encourage your priest, bishop, and other church leaders to sign the Climate Action Letter for Catholic Institutions. More information can be found at <https://godsplanet.us/get-involved>.
